TO WHOM IT MAY CONCERN:

RE: Document translation services offered by one named Genaro R. Hernandez, in Toronto, Canada.

This is to attest to the fact that on several times, over the last 10 years, I have used Genaro's translation services in order to present personal documentation to Canada Immigration. Subsequently I used his services, based on the successful results regarding my obtaining Landed Immigrant status first, and Canadian citizenship later, to sponsor my mother to come to Canada. I only have praise for Genaro's work, and would recommend his services to anyone who is in need of high-quality, prompt, and courteous service.

Please do not hesitate to contact me should you require additional information.

Truly, yours,
