RE: Document Translation – Genaro Hernandez – 2621 Keele St. Toronto, Canada

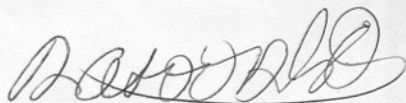

This is to confirm that on several occasions, during that last thirty years, I have used Genaro's translation services to present personal documentation to Canada Immigration as well as for legal and personal services.

I also would like to mention that in the early seventies, Genaro offered his services to many individuals of the Hispanic community, at no charge, as his contribution to society. It was in the early nineties that he decided to dedicate himself to doing this activity on a part time basis, charging modest rates for his services.

Throughout the years I have been appreciative to Genaro for his work and professionalism. I would highly recommend Genaro Hernandez to anyone who is in need of detailed orientated and prompt services.

Please do not hesitate to contact me, should you require additional information.

Sincerely,

Ramon A. Loo Garcia
